CUT COMPANY OPERATIONAL **COSTS** *DRAMATICALLY*

In these difficult economic times, every dollar must be watched. That's why working with **Shawnee Services** for your driver staffing makes more sense than ever before. We're confident you'll find that **Shawnee Services** can not only relieve you of the burden of recruiting, hiring and employing drivers, but that we can actually save you money...something we're all trying to do. Call **Shawnee Services** at **(800)747-9505** today.

Shawnee Services offers Commercial Driver (CDL) staffing solutions in essentially three ways. Each method is individually tailored to your company's unique requirements:

Temporary CDL Driver Staffing
Shawnee Services can provide temporary drivers as needed for one day or longer to fill vacancies that arise from vacations, illness and turnover.

$AVE

Contract to Hire | Temp to Permanent
Shawnee Services can provide experienced drivers for a specific period of time. If the driver performs well and there's compatibility, then your organization may extend an employment offer. If things don't work out for whatever reason, you can request another driver or terminate the contract at any time.

Direct Hire | Permanent Placement
Shawnee Services can provide qualified experienced employees to be hired directly by your organization.

Outsourcing
When you outsource your driver employment to us, we'll manage your CDL driver workforce, specific to your needs and requirements, and relieve you of the details of hiring and employment. When you calculate the true cost of employment, it can add as much as 48% to each driver's hourly wage. And this does not even include any of the soft costs, such as advertising, recruiting, screening, drug testing, background checks, safety training or the never ending maintenance of driver qualification files.

Contact Shawnee Services today for a free cost analysis for your business at **(800)747-9505** today or for more info email us at **info@shawneeservices.net**.

No interruptions! Switch to Shawnee's Driver Management Service ~ a smooth, trouble-free transition for you and your drivers.
